

CRITICAL INFRASTRUCTURE SOLUTIONS

OUR MISSION The Critical Infrastructure Solutions team provides mission critical equipment, services and advocacy to end users as a long term partner invested in mutual success.

WE ARE UNIQUE Our team is comprised of highly experienced end users who have Designed, Constructed, Commissioned, Operated and Maintained over 2000MW of hyper-scale Data Centers, across all markets, globally. We apply our unmatched experience to each customer engagement to uniquely maximize value and to ensure that each solution is scalable and fit for purpose.

AREAS OF EXPERTISE

From Design and Deployment to Scalability and Optimization, we support the full life-cycle of the production environment and all of the components that comprise this highly critical space.

- > Site Selection & Strategy
- > Industrial Control Systems and Security
- > Production Environment Design and Installation
- > Live Environment Optimization

SITE SELECTION & STRATEGY

Location and Scalability are as key to the success of launch as they are to the continued growth of your business:

- > Power Distribution Units (PDU)
- > Remote Power Panels (RPP)
- > Whips
- > Receptacles
- > In-rack Power Distribution Units (rPDU)

PRODUCTION ENVIRONMENT DESIGN & INSTALLATION

Ensuring that the space meets current requirements and has the agility built-in to support efficient and scaled growth, while keeping capital costs at bay:

- > Power Distribution (Post UPS to rPDU)
- > Rack Chassis' and Cabinets
- > Structured Cabling and Cable Management
- > Hot/Cold Aisle Containment

Possibilities Beyond the Cloud

INDUSTRIAL CONTROLS & SECURITY

Protecting your assets and your customers is a paramount concern for the production environment:

- > DCIM
- > EPMS/SCADA
- > Cyber Security
- > Controls and Automation

LIVE ENVIRONMENT OPTIMIZATION

Continued care of the production environment to ensure reliability and efficiency to eliminate downtime:

- > Operational Sustainability
- > Efficiency Audits
- > Energy and Airflow Management
- > Training
