

OUR MISSION

To improve data centers' performance and maximize uptime. By building continuing relationships we become partners in success.

WE ARE UNIQUE

Even the most meticulously designed, engineered and equipped facility is only as good as the service team that supports it. With expert maintenance, service and support offerings for the most demanding facilities, CPG delivers the stringent maintenance programs your facility requires, the service it demands, and the responsiveness you deserve.

CPG offers a full line of services focused on optimizing the systems that power, cool and protect today's most demanding IT environments.

CPG SERVICE DEPARTMENT

- Experience: currently supporting more than 1000 on-site maintenance contracts
- Service and support for maximum uptime and operational efficiency
- A single point of contact for all service and support needs and a dedicated project manager
- Intelligent predictive maintenance programs
- A consultative, collaborative approach to the development of goals-focused operations and maintenance strategies

DATA CENTER SERVICES

- Site Selection & Assessment
- Engineering & Planning
- Procurement & Construction
- Integration and Commissioning
- 3rd party design review
- Vendor qualification
- Integrated system testing & documentation
- Live Environment Optimization

CPG MAINTENANCE DEPARTMENT

- 7/24 Operation & Maintenance Contracts
- (UPS, Batteries, Generators & ATS, Switchgear, Power Distribution & STS, HVAC)
- Turnkey Battery Installations
- VRLA as well as Wet Cell Batteries, Battery Monitoring, Installation and Service
- Equipment Replacement, Integration & Commissioning
- Remote Monitoring (Battery, DCIM, EPMS)
- Computer Room Cooling Services
- Site Staffing
- Training
- MOP & SOP Development
- Data Center Cleaning
- IR Scanning
- Energy Efficiency Audits
- Power and Cooling Audits

OUR MISSION

To provide mission critical equipment, services and advocacy to end users as a long term partner invested in mutual success.

We analyze what you need to get you cost considerate solutions that deliver the best ROI

WE ARE UNIQUE

CPG is comprised of highly experienced end users who have Designed, Constructed, Commissioned, Operated and Maintained over 2000MW of hyper-scale Data Centers, across all markets, globally. We apply our unmatched experience to each customer engagement to uniquely maximize value and to ensure that each solution is scalable and fit for purpose.

CPG is **THE** Cutting-Edge Data Center and Cloud Solutions Partner

CRITICAL INFRASTRUCTURE SOLUTIONS

We support the full life-cycle of the production environment from design and deployment to scalability and optimization

INTEGRATION & COMMISSIONING

Equipment planning and installation with top partners and quality products allow us to keep you ahead of the industry

SECURE MONITORING AND CONTROLS

From cyber and infrastructure assessments to secure system design, our certified OT specialists use leading technologies to ensure optimized, secure facilities

7/24 OPERATIONS & MAINTENANCE

CPG's Maintenance, HVAC, and Electrical teams manage COLOs to Hyperscale data centers

ELECTRICAL

CPG represents the industry's leading manufacturers of critical power products and systems

MECHANICAL

Our solutions provide systems that maximize uptime, protect IT equipment, extend product longevity, and increase energy efficiency

MAINTENANCE

The CPG team of certified, factory-trained technicians provide the finest maintenance, service and support, 24/7/365

CPG meets you anywhere in your data center's lifecycle.
