

## OUR MISSION

To improve data centers' performance and maximize uptime. By understanding and managing your critical space, we also protect your investment.

# IMPROVE YOUR DATA CENTERS' PERFORMANCE AND MAXIMIZE UPTIME

## WE ARE UNIQUE

Even the most meticulously designed, engineered and equipped facility is only as good as the maintenance team that supports it. Whether you need comprehensive on-site emergency service coverage for your critical infrastructure, or no-nonsense Preventive Maintenance, CPG offers operations and maintenance programs tailored to your specific needs.

## MANAGED MAINTENANCE SERVICES

With CPG's Managed Maintenance Services, customers are assigned a contract manager who is their point-of-contact for all of their needs. The POC is a mission critical expert who understands how the systems work together.

### Benefits

- Dedicated Contract Manager
- Single Phone Call
- Single Schedule
- Ease of Invoicing
- Quarterly Business Reviews

## THE CPG NOC

We understand customer operations and how to get the right people in the correct time frame for any situation. Unlike other data center service companies who use call centers -The National Operations Center (NOC) is staffed by mission critical experts who know your systems.

The NOC is perfect for one site data centers with multiple systems and disciplines or one system across multiple sites. It is the nucleus of the managed maintenance accounts. The NOC offers a full line of services focused on optimizing the systems that power, cool and protect data centers.

### Benefits

- Scheduling
- Preventative maintenance
- Emergency response

## OUR MISSION

To provide mission critical equipment, services and advocacy to end users as a long term partner invested in mutual success.

We analyze what  
you need to get you  
cost considerate  
solutions that deliver  
the best ROI
